November 28, 2000

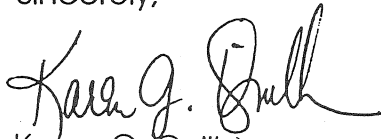

To Whom It May Concern:

Our high school has had the opportunity of having a crew from the Ice House provide entertainment during lunch on a regular basis during this and the past few school years. They arrive on time to set-up and have music ready for our student body in the quad when lunch begins. They always play appropriate music and interact with our students in a very positive manner. When provided with announcements to make during the lunch time entertainment they do so with enthusiasm and really build up those activities that are highlighted,

Mr. Stojan Mitich, owner, always contacts me following any activity to see how it was accepted and if there was anything that could have been done to make the activity more positive for our students. This type of follow-up and consideration is very professional and most appreciated.

It has been, and will continue to be, our pleasure to host DJ s from the Ice House during our lunch hours for the entertainment of our students. I would highly recommend them for entertainment of youth.

Sincerely,

Karen G. Quillen
