To Whom It May Concern:

It is my pleasure to provide a letter of reference for Stojan Charles Mitich and SCM Companies.

I have known Mr. Mitich for many years and have had the pleasure of working with him on a myriad of occasions.

It is well known that Mr. Mitich has been in the nightclub, mobile music and entertainment business for over 16 years. He has a sterling reputation in the school district and within the community. Mr. Mitich has a superlative working relationship with the Boys' and Girls' Club and Chamber of Commerce. Law enforcement respects the manner in which Mr. Mitich operates his nightclubs, they are safety and security oriented.

SCM Companies' Mobile Music System, along with the nightclub DJ's, has provided music and entertainment for our high school students for school dances and lunchtime promotions. Their performances are always abundant with enthusiasm and energy, which transfers to our students. Due to their popularity, there is no mystery as to why SCM returns to our school year after year.

Mr. Mitich has always demonstrated a high sense of ethics, dependability and commitment to our priorities. When the absolute best in professional entertainment is required, you will not be disappointed with Mr. Mitich and SCM Companies.

Sincerely,

Steve Rapaport, Activities Director
Temecula Valley High School
